

Directions to Kate Dickerson Design in Hingham Square

From the North/Boston:

Follow 93 South, which then becomes 3 South. Stay in the left lanes toward Cape Cod – NOT Providence, RI. Follow Rte. 3 South to Exit 14. When you get to the end of the exit ramp (at a set of lights facing Home Depot) you want to be in the left lane to turn left. This is Hingham Street. (Directions continued below at *.)

From the West:

Follow 128/95 South (toward Cape Cod) to the split where 93 goes toward Boston/Cape Cod and 95 goes off toward Providence, RI (stay in left lanes). Follow 93 South until the split where 93 goes toward Boston and 3 South goes toward Cape Cod (stay in right lane).

Follow 3 South to Exit 14. When you get to the end of the exit ramp (at a set of lights facing Home Depot) you want to be in the left lane to turn left. This is Hingham Street. (Directions continued below at *.)

From the South:

Take route 3 North to Exit 14 & go right at the end of the ramp. This is Hingham Street.

*Follow Hingham Street past car dealerships and a small shopping plaza. After you pass through a large intersection (gas station, Chili's Restaurant...) you will be on Main Street in Hingham. (Same road you were already on, just a different name. This is also Rte. 228.)

Follow Main Street (228) for a few miles, bearing right at the flashing yellow light with a large green sign pointing right for all main (228) traffic. You will pass the Congregational Church on your right and fire station on your left.

Shortly after you pass the fire station, you'll get to a fork in the road (large grayish green building in the middle of the fork, with a sign "Dependable Cleansers".) This is where Main Street continues on to the left and Rte. 228 breaks away on its own to the right. You need to go left here. You do not have the right-of-way, so stop before proceeding left across oncoming traffic.

Follow Main Street down a small hill, past the stone Episcopal Church on the right, and two blocks further, into Hingham Square. Go through intersection with flashing yellow light (South Street) and turn right at the next corner (North Street). Kate Dickerson Design is on the right.

Address: 132 North Street, Hingham, MA
